[How to control the use of cookies]

You are not obliged to accept cookies and may modify your browser so that it will not accept cookies. The browser you use to surf the web not only allows you to see the cookies that you have got but also allows you to control their use.

You can control them by allowing them, deleting them individually or deleting all of them. You can also set your browser to not accept cookies altogether. If this option is selected, you should be aware that many websites will not function properly or at all. It may be possible to set your browser to not accept cookies and ask for your consent before each cookie is set on your device. This gives you control over what is set on your device, however has the drawback of slowing down your browsing experience.

There are different levels of control too. You are able to prevent just third party cookies being deployed. In order to manage your cookies, please select your browser from the list below and follow the instructions:

- Chrome
- Safari
- Firefox
- Opera
